FRIDAY, SEPTEMBER 17, 1875.

For the Wilmington Journal J JOTTINGS BY THE WAY An Excursion Upon the St. John's,

Fig. , in the Spring of 1875.

BY ONE OF THE LADY EXCURSIONISTS. On Tuesday about sundown, we enof the river, about 250 miles above its mouth, and the appointed terminus of our trip. At Sanford, a city in pres. Who know ? pective, we went ashore, partly to visthanks to Mrs. Sanford's energy is, fally give. and awaits the congregation that is to be. Obtaining the key, we entered worthy of admiration. There being nothing else to visit, we return dit our floating bonie, and crossed the Lake to Enterprise. From this point tiere is a mail coach to New Surveys. year, one person has employed 200 everybody, newsy t, was

which gave to it its old name Welaka | Democracy' that day. 1. c. "string of lakes" constitute one of its peculiar and most beautiful characteristics. They contribute largely to its variety, receiving the traveller. sometimes unexpectedly, from between close lowering banks into mimic seas. Great Lake George, as one of them is called, is fifteen miles long by twelve in diameter.

On the morrow, Wednesday, with averted eyes, sad as Eurydice or the son of Calliope, we commenced our return. Upon our way, we were taufalized by a second panorama of the lovely scenes through which we had passed haps forever. Some new glimpses of beauty

were afforded us by a brief visit to the Ocklawaha a stream of John's not far from the entrance of A. R. Johnson, Democratic-Converves variously from serious to very slight. ious to visit the celebrated Sriver concluded his address, and Caponia H. este navigation, and after proceeding spending, and not earing to hear Caps few miles, was obliged to return tam Fisher. while return was possible. recollect, but upon investigation by the authorities the act was pronounced justifiable. Last Saturday a younger brother of the Stevers who killed the Indian, a boy of sixteen years, drove a team into Woodford's on business. Several Indians espied and instantly attacked him, one seizing the horses by the bits and calling his companions to shoot the d.iver, which they attempted to do, levelling a rifle upon him. Fortunately the action of the redskins was quickly discovered by citizens near by, who rushed to the rescue of the imperilled boy and readily disarmed the Indians, thus saving his life. Immediately they made The Khedive hasn't yet sent us our

[From a letter by ex Secretary McCulloch in The bank note circulation in the United States was increased from \$61,-000,000 (in round numbers) in 1830 to \$149,000,000 in 1837; bank deposits from \$55,000,000 to \$127,000,000; loans from \$200,000,000 to \$500,000,060. Then came the crash, which many of us still remember, and by which the country was prostrated for years.

which in 1843 was \$58,000,000, was run up to \$214,000,000 in 1857; bank deposits within the same p riod from \$56,000,000 to \$230,000,000; loans from \$250,000,000 to \$680,000,000. Then the second great crisis occurred, which, although sharper, and for the time it lasted more destructive, was of much shorter duration than the former In 1860 the bank-note circulation

and bank notes is, and for some years Civil Rights Decision - Double Murder has been upward of \$700,000,000, while the deposits and loans of the banks have been increased in a still greater ratio. It is asserted, I know. that bank deposits and bank loans. Josephine E. Poits, for the murder of and not paper money, have been the chief cause of our financial crisis, but will show that bank deposits and bank loans have only about kept pace, as of Brooklyn, to-day rendered a de- they naturally would, with the paper And now, with over \$700,000,000 of half of which consists of legal ten-
